A ribbon-cutting ceremony for new recycling bins for Hailey's parks will take place on Saturday, May 10th, at 1 p.m. at Hop Porter Park, located at 316 1/2 Bullion Street in Hailey.

Community groups will present the new recycle bins during the ceremony, states a recent news release from the Environmental Resource Center. The event will include for face painting and a celebration of the new bins.

"Wood River High School students from W.A.T.E.R. Club worked with the ERC, WOW organization, the Hailey Parks & Lands Board, as well as Woodside and Hemingway Elementary School students to purchase twenty new recycling bins for the public parks in Hailey," the release states. "In addition to a grant written by Lex Shapiro and granted by the Hailey Parks Foundation, the groups worked together to provide a recycle option at the local parks. Each park will get two bins: one for plastic and one for aluminum. Hop Porter Park has four bins due to its size and those bins have been installed."
