

GENEROSITY

Thanks to your generosity, *The Boy Who Harnessed the Wind* author William Kamkwamba visited campus, challenging children to dream big and to think of others. Inspired by his visit, the fifth grade raised \$550 to support programs in Kamkwamba's native Malawi. A generous donor doubled the gift.

From our founding, community service and giving back have been a pillar of a Community School education. Students from the ECC through the Upper School find meaningful ways to give to our community and beyond. The annual Wow-Students projects allow Elementary and Middle School students to work together to donate their time, energy, and talent to many worthwhile nonprofit organizations, including the Animal Shelter of the Wood River Valley, the Blaine County Recreation District, the Sawtooth Botanical Garden, and Hailey Ice. Fundraising efforts at Community School traditions, such as Engl Cup, also support local organizations.
